STRATEGIC OBJECTIVE	TEAM	KPI COVERAGE
5G Network Leadership	Network Tech	100%
Autonomous Network poC	Shared	65%

Connected Architecture

Traceability from intent to technical enablement

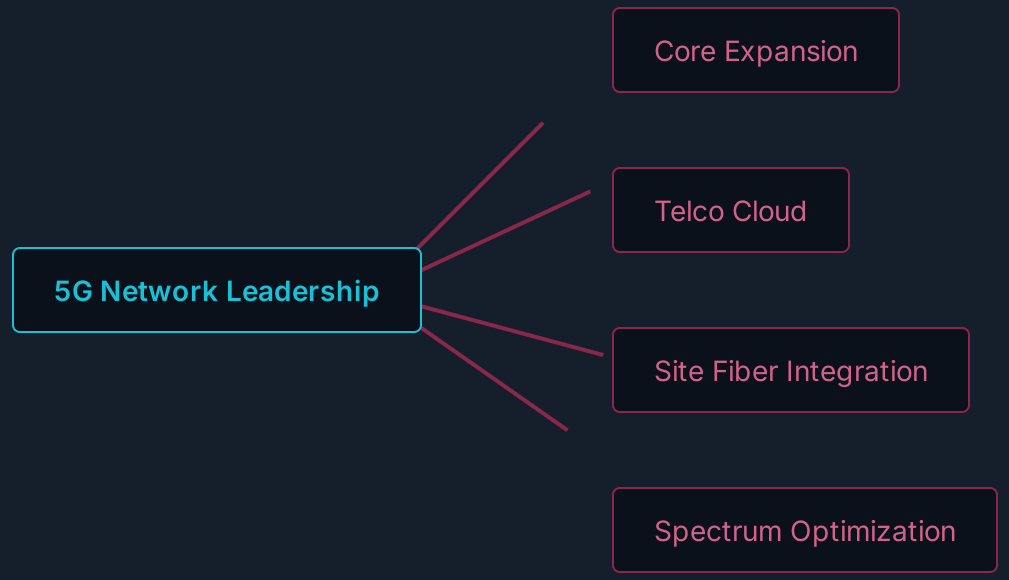

Governed Access

Team-scoped planning with admin enterprise views

Executive-Ready

One-click Excel and PowerPoint reporting

Make strategic relationships visible

Traceable architecture

Strategic Roadmap visualizes the bridge between enterprise intent and technical delivery through an interactive relationship map.

Mapping capabilities

- Many-to-many relationship support
- Interactive graph focus and filtering
- Bulk-provisioning workflow
- Real-time roadmap synchronization
- Connection governance and editing

Measure capability readiness

Enterprise KPI Library

ADMIN

CODE	KPI MEASURE	STATUS
R1.1	5G Population coverage (%)	MAPPED
R1.16	5G Network Speed (Mbps)	MAPPED
A1.3	Developed AI based use cases (%)	UNMAPPED
H1.3	CAPEX Savings (MSAR)	MAPPED
E3.5	# of Sites with CRAN On-Air	UNMAPPED
